Pope Benedict XVI's Encyclical: "In Hope We Were Saved"

Pope Benedict turns to a passage in the *Letter to the Hebrews* to explain faith as the basis for our Christian life. In Hebrews 10:34 the author speaks to believers who have undergone "persecution and he says to them: 'you joyfully accepted the plundering of your property, since you knew that you yourselves had a better possession and an abiding one.' Property here is "what in earthly life constitutes the means of support, indeed the basis, the 'substance' for life, what we depend upon. This 'substance', life's normal source of security, has been taken away from Christians in the course of persecution. They have stood firm, though, because they considered this material substance to be of little account. They could abandon it because they had found a better 'basis' for their existence—a basis that abides, that no one can take away. We must not overlook the link between these two types of 'substance', between means of support or material basis and the word of faith as the 'basis', the 'substance' that endures. Faith gives life a new basis, a new foundation on which we can stand."

Are You Interested In Completing The Sacraments Of Initiation?

The sacraments of Baptism, Confirmation and Eucharist are the sacraments that mark full initiation into the Catholic faith. If you are baptized, 18 years of age or older, and are interested in receiving the sacrament of Confirmation and, if needed, First Communion, please call Jack Kampfer at the parish office, 621-5109, ext. 226. If there is sufficient interest, we will start new classes in late summer on Sunday mornings, 10:30 AM – 11:45 AM.

Tips for Fathers

Fathers are often expected to be the parent who disciplines the children. With this expectation comes our responsibility as parents – as fathers – to learn how to guide our keiki with *positive* discipline.

Positive discipline includes:

1. **Create a set of rules.** Set rules and consequences that fit your child's age and development. Be clear about what is expected – and what is not OK. Enforce the rules and consequences consistently and promptly.
2. **Don't hit.** Physical punishment teaches fear – not respect. If you feel angry, take time to cool off. Then deal with the misbehaviors. People are not for hitting ... and children are people, too.
3. **Praise good behavior.** Let your child know you appreciate it when he or she is well-behaved.
4. **Offer a choice.** Offering your child a choice of several activities – rather than deciding for them—encourages cooperation and teaches responsibility.
5. **Try a time-out.** If your child misbehaves, give her or him a few minutes alone to calm down and think about their behavior (while you cool off, too).

Tell your child that you still love them...even when discipline is necessary.
